R. the inspiring and delightful incidents of that visit, nor the deep, significant sentiment back of them all.

Advance of National Capital.

"The National Capital has advanced in every way in ten years. It is that much more attractive, but its spirit of hespitality is unchanged. It invites the Grand Army of the Republic to revisit Washington with the same cordiality, and promises a similar experience."

This invitation was signed by Commissions of the Department of the Department of Nebraska, located at Linevine, and promises a similar experience."

This invitation was signed by Commissions of the Department of the Department of the work was also given.

In the millinery department pupils were given the material with which to make a hat. A vard or so of covered wire was quickly shaped into a frame, and then covered and trimmed When finished, in about an hour, it was ready to wear.

The typewriting department was in full swing. Pupils were taking dictation

tee, presented some suggestions rela-tive to the management of the corps during the encampment and they were the encampment was discussed at head- children rollicked around the halls,

during the encampment and they were unanimously accepted.

He outlined the plans of the committee, which will be to establish ambulance stations along the line of march the day of the parade to look after accidents to those in line and spectators. There will be sixteen of these stations from the Peace Monument, where it is thought the parade will start, to Eighteenth Street, the terminus.

Twenty ambulances have been furnished and these will be distributed among the different stations. At some of the stations there will be two hospital wagons, while at others there will be two hospital wagons, while at others there will be committee in charge. It is the intention to have a number of well-known miningers of various creeds and denominations present from Washington and other would open again."

the period from October 5 to October 10, the priod from October 10, the priod
